

# World University Rankings 2019 by subject: business and economics

2019

The 2019 *Times Higher Education* World University Rankings table for business and economics subjects uses the same rigorous and balanced range of 13 performance indicators as the overall World University Rankings, but the methodology has been recalibrated to suit the individual fields.

It highlights the universities that are leading across business and management, accounting and finance, and economics and econometrics subjects.
